www.buildstore.co.uk

BUILDSTORE'S TRADE CARD IS UNIQUE - AND IT'S FREE

INTRODUCING THE BUILDSTORE TRADE CARD

AVAILABLE EXCLUSIVELY THROUGH BUILDSTORE, THE TRADE CARD OFFERS YOU THE CHANCE TO SAVE MONEY, INCREASE YOUR SPENDING POWER, ACCESS SPECIALIST SUPPORT AND MANAGE YOUR SELF BUILD, RENOVATION OR HOME IMPROVEMENT PROJECT EFFECTIVELY AND COST-EFFICIENTLY.

AND IF YOU'RE USING A PROJECT MANAGER OR BUILDER, THEY CAN USE THE CARD, TOO.

- **Access to trade prices** - saving you money
- **Vast choice of suppliers** - offering everything you need for your project
- **Improved cash flow** - with access to higher credit limits
- **Access to expert advice** - throughout your project

Every year thousands of self builders and renovators save money with Trade Card

CUT YOUR COSTS WITH TRADE PRICES

As a Trade Card holder you'll get access to trade prices on more than 400,000 product lines from some of the country's top suppliers.

OUR PRICE PROMISE

You'll be entitled to better prices and discounts than otherwise available to self builders, renovators or home improvers from our suppliers. That means lower prices at your disposal, so you can save thousands of pounds on your project.

You can use your Trade Card as much as you want - for some or all of your purchases. The more you use it, the more money you'll save.

CHOOSE FROM OVER 400,000 PRODUCT LINES! HERE'S AN EXAMPLE OF WHAT'S AVAILABLE:

- Tool and plant hire
- General building supplies
- Steel
- Timber
- Sands and aggregates
- Weatherboard and cladding
- Roofing design and materials
- Ventilation systems
- Plumbing and heating supplies
- Insulation
- Electrical supplies
- Ironmongery
- Kitchens and bathrooms
- Carpets and other flooring
- Landscaping and much much more

"The BuildStore Trade Card has made dealing with merchants much easier and I reckon I've saved a fortune on the prices overall. I'll continue to use the TradeCard on future projects."

Andy Yull, Norfolk

HOW IT WORKS

The Trade Card works through the huge buying power of self builders, renovators and home improvers throughout the UK. We created Trade Card to maximise that power and to ensure that - uniquely - self builders had access to trade prices. Your Trade Card is accepted at hundreds of branches of builders' merchants and through many other suppliers across the country, ensuring there is always a branch near you.

So, with the support of our merchant partners and suppliers, you can access trade prices on everything you'll need for your project.

ACCESS HIGHER CREDIT LIMITS

Compare this: typical credit limits for self builders from builders' merchants are usually in the range of £3,000 to £5,000. The normal credit limit on Trade Card is £15,000 and can be as high as £25,000.

So as a Trade Card holder, you get peace of mind that your build - and your cashflow - will not be interrupted when you place a high-value order. You can purchase materials from our superb range of merchant partners when you want to and when you need them.

Typical Credit Limit	
Builders' Merchants	Trade Card
£3,000 - £5,000	£15,000 - £25,000

GETTING THE TECHNICAL INFORMATION RIGHT

Every Trade Card holder has online access to the comprehensive Trade Card Manual - a wealth of fantastic technical information. The manual was written by the renowned self build 'guru' David Snell and provides you with an unbeatable project management tool. Dividing the build project into manageable build stages, it gives you all the essential information you'll need along the way.

EXPERT & FRIENDLY SUPPORT

At BuildStore, we'll give you expert advice and support throughout your project. Our partners' Branch Managers will be on hand to provide you with access to a range of expert contacts and specialist suppliers who can help you to make the right decisions at the right time on your build.

Self build and similar projects can be demanding, but with our help your project will be complemented by an open, friendly approach which is designed to provide you with an ideal support system.

So, access to trade prices from a vast choice of suppliers, better cashflow, expert advice and support. That's why Trade Card is proving a massive success with self builders and renovators.

GET MORE FROM YOUR TRADE CARD

TIMBER FRAME SERVICE

Ensuring you choose the right timber frame at the right price is vital to the success of your project.

But it is not always straightforward to compare what each timber frame supplier is offering in their quotation; **that's why we have developed the Timber Frame Analysis Service.**

This unique service arranges for our timber frame partners to quote you directly for the supply and erection of your timber frame structure. In addition, our timber frame experts will then send you a summary which clearly picks out the details of what each company does or doesn't include within their package. This comparison will save you time

and money in making sure you choose the right timber frame for you.

FREE ENTRY TO THE NATIONAL SELF BUILD & RENOVATION CENTRE

A visit to BuildStore's National Self Build & Renovation Centre in Swindon will help you to make the best choices for the whole of your project.

When you join Trade Card you are entitled to free entry to the Centre as many times as you like, simply show your Trade Card at reception each time you visit. Order samples and request information during your visits, take advantage of the educational demonstration areas and get help and advice from our experts.

"With the help of Trade Card, we saved thousands of pounds on building materials. We have now got the taste for self build and are looking for another plot to repeat the process." Jason and Zoe Asiq, Northumberland
