

NEWS RELEASE: 23<sup>rd</sup> July 2007

## **TOMMY WALSH WEEKEND**

WEEKEND visitors to the National Self Build & Renovation Centre in Swindon, the 67,000 sq ft focal point for those looking to self-build or renovate, were in for a treat this weekend, when Tommy Walsh, one of the most recognisable names in TV property DIY stopped by to share some of his top tips.

Tommy, the Centre's resident celebrity guest speaker, was sharing his DIY stories and his passion for both Self Build and Renovation in two 1-hour feature seminars on Saturday and Sunday. With decades of experience in all forms of construction, landscaping and DIY, Tommy also took part in demonstrations of some of his favourite products, and was on hand to talk to the visitors about their own self build and renovation projects and ambitions.

Tommy is a big supporter of the National Self Build and Renovation Centre, having visited several times during its development as well as attending the launch. He will be involved in a number of events at the Centre over the coming year, as its Resident Celebrity Guest Speaker, to help visitors learn more about self building and renovation.

To find out more about the latest events at the centre, log on to [www.mykindofhome.co.uk](http://www.mykindofhome.co.uk) or call **08700 600 100**
